

## MANAQUA DREADS ESTRADA INVASION

Nicaragua Rebels Approach  
Capital and Residents  
Fear Bombardment.

BLUEFIELDS, July 1.—The advance of the insurgent forces of Estrada continues toward the capital, Managua. The success of outlying columns in capturing a number of towns to the west and east has aroused the greatest enthusiasm on the part of Estrada sympathizers who are hailing the army on its march. The Madrid defenders of the city are preparing for an attack and siege by the insurgents and the inhabitants are panic-stricken, fearing bombardment.

## MRS. "TOM" PIERCE GETS A \$5 FINE

She Didn't Have the Money, So  
Adele Ritchie Furnished  
the Amount.

NEW YORK, July 1.—Mrs. Alice Crowninshield Rogers, divorced wife of Thomas Pierce, a Boston millionaire, was fined \$5 for the disturbance she caused at the Casino in Central Park last Tuesday.

After being treated for alcoholic hysteria in the Bellevue Hospital, Mrs. Rogers was presented in the Yorkville police court yesterday afternoon. Policeman Higgins made a charge of disorderly conduct against the prisoner and was about to relate some of the language she used, which he described as "something awful," when Attorney Edward Bradley, Mrs. Rogers' lawyer, announced that further examination would be waived.

"You plead guilty, do you?" Magistrate Krotel wanted to know. The lawyer said that, on Tuesday Mrs. Rogers had a bad toothache and took one drink which went to her head. When the amount of the fine was announced, neither Attorney Bradley nor his client had the money handy.

The lawyer went back to the court room and had a talk with Adele Ritchie. Then he returned and paid the money.

## PORT ARTHUR OPEN TO WORLD'S TRADE

TOKYO, July 1.—Through the Official Gazette it has been announced that Port Arthur is open to the shipping of all nations, commencing today.

The Japanese government decided some months ago to open this port, which is free from ice in the winter, and thereby caused some little surprise. By its development as a commercial city the port is eliminated as a point of strategy for military and naval movements.

## PLAN PATRIOTIC EXERCISES.

With patriotic exercises and an address by the Rev. Eugene A. Hannan, the Oldest Inhabitants' Association, will celebrate the Fourth of July in Carroll Institute Hall, at 12 o'clock. Preceding the ceremonies the regular meeting will be held at 10 o'clock. Harry O. Hall will read the Declaration of Independence.

## LEADERSHIP OF SENATE FALLS TO YOUNGER MEN

Old Guard Fast Disappearing, and Few Picturesque  
Figures Will Remain After Fourth of Next March  
on Either Side of Chamber.

Within a week death has claimed two of the oldest members of the United States Senate.

This fact recalls the further fact that after March 4 there will be but few picturesque figures in the Senate. The old guard will have retired, and save Senators Frye, Cullom, and De-

When Senators Daniel of Virginia and McEnery died, when Senators Tillman and Cullum were forced off the stage of action by ill health, the Democratic side of the chamber was robbed of its most distinguished cohorts of old-timers. Only one was left. Only Senator Hernando De Soto of Mississippi remained, and he is due to return to private life on March 4 next.

When that date arrives and the Sixty-first Congress is no more, two of the most forceful leaders of the Republican side of the Senate will be lost to that body. Senators Aldrich and Hale will retire. Both are forceful. Both have been powerful, but now both are preparing to lay down the burden of public life forever.

All this means that the Senate will pass into hands of younger leadership. Both sides of the chamber are easing about for new leaders. Neither majority nor minority today knows.

## ACCUSED CLERK WAIVES HEARING

Edward G. Myers Charged With  
Opening Letters In City  
Postoffice.

Edward G. Myers, twenty-one years old, of 59 R street northeast, varied examination before United States Commissioner Taylor this afternoon at 2 o'clock, on the charge of opening letters in the City Postoffice, where he was employed as a clerk, and was held in \$1,000 bonds for the September term of the District Criminal Court.

Myers was employed as a substitute clerk at the local postoffice. According to Inspector Barclay he has been under suspicion for some time of robbing letters, then destroying them. On Wednesday, Inspector Barclay declares, Myers opened a letter addressed to Mrs. John F. Ames, of 1216 K street northwest. Yesterday, according to the inspector, Myers opened a letter addressed to R. L. Altman & Co., of Thirty-fourth street and Fifth avenue, New York, later destroying the letter. Last night Myers was arrested.

## USHERS DO THE DIGGING.

BETHLEHEM, Pa., July 1.—Several husky lads, equipped with picks and shovels, are spending their evenings excavating in the rear of the Laurel Moravian Church for a building to be added to the church, in which to place the grand pipe organ. The young men are members of the Ushers Association of the church, and in this way are giving their donation to the project.

upon whom the mantles will fall. There are strong men on both sides of the Senate, but there is no one pre-eminently strong man.

The division on the Republican side will make it harder to choose a leader. The men like Cummins and Dooliver and Borah, all capable of handling a legislative situation, however acute, are in the insurgent class, and could not now command the united support of the Republicans. The men like Gallinger, Warren, and Penrose could not successfully lead the insurgents. Accomplishment will be hard to reach, although Senator Elkins is being discussed considerably in connection with the leadership in the Senate.

In for the Democrats, it will not be so difficult to agree upon a nominal leader. Senators Bailey, Bacon, Rayner, Clay, Overman, and Hughes are already in training for floor leadership, while a little later John Sharp Williams, former minority leader in the House, will be in the Senate harness.

Yet the Democrats will miss the counsel of the older heads. South Carolina, Tennessee, Alabama, Arkansas and Virginia, once powerful, in Democratic councils, can no longer claim that presence. Maryland, North Carolina, Georgia, and Texas will be counted upon to maintain the South's strength in the Senate.

In any event Senate legislation will be handled by much younger heads, in the next Congress, than in the one just closed. It is no longer a body of patriarchs.

## PAPER CONTRACT HEARING DELAYED

Attorney Elder Secures Postponement  
Owing to Late Receipt  
of Commission.

The preliminary hearing on the petition for an injunction filed by the Valley Paper Company, of Holyoke, Mass., to prevent Public Printer Donnelly from purchasing Governmental paper supplies in accordance with the contracts which expire in February, 1911, was postponed today until next Thursday.

In bringing the matter before Justice Stafford, Attorney F. E. Elder, who was appointed special counsel to defend the Public Printer, declared that his commission as such reached him at too late a date to allow him to properly prepare the case.

Through Attorney F. B. Rhodes the petition was filed several days ago, alleging that no joint committee on printing of Congress exists legally, and that the contracts awarded by them are not in accordance with law.

## HECHT & COMPANY

Your purchases, great  
or small, will always be  
charged, and you can pay  
later on.

513-515-517 7th Street

## DOG IMPRISONS GIRL IN KENNEL

Shows Fight When Father Interferes,  
But Is Bribed By  
Offer of Meat.

BEVERLY, N. J., July 1.—For five hours or more Mrs. Henry Morrison missed her three-year-old daughter Lizzie, and searched the house from the cellar to the garret. The presence of tramps early in the morning gave rise to thoughts of kidnapping. A number of neighbors joined her in the search. When the husband came home he learned that the child was missing.

While searching in the yard they heard a childish cry, "mamma."

They saw the child in the kennel of their bulldog. Although the canine is generally gentle to the members of the household, it growled fiercely and showed signs of viciousness as the father approached and prevented the child from getting to her parents.

As a last resort the father sent for a pound of tempting meat. The dog came out, and when the little girl followed, hungry but unharmed.

## SALVATION ARMY COUPLE MARRIED

Philadelphia Ceremony Is Preceded  
By Tambourine and  
Bass Drum Music.

PHILADELPHIA, July 1.—Preluded with the music of bass drum and tambourine, one of the most unique weddings of the season took place at the headquarters of the American Salvation Army, 147 North Ninth street, when Lieut. Sarah R. Hoffman and Capt. Elmer H. Halverson were united by Gen. James W. Duffin, commander-in-chief of the army. The occasion was styled a "Hallelujah Wedding," and was said to have been the first ever witnessed in Philadelphia.

After the ring had been adjusted General Duffin created hilarity by giving the bride a rousing smack upon the lips. Miss Hoffman comes from Newmantown, Pa., and has been with the army two years. Captain Halverson's home is in Milwaukee, Wis., and he joined the local corps five years ago. Both expect to continue their work in Philadelphia. They were married in the full uniform of their rank. Capt. Harry N. Smith, of Corps No. 1, assisted General Duffin in the ceremony.

## TEACHER IS FLIRT SAY HER SCHOLARS

Big Boys File Charges Similar to  
Those Previously Ignored  
By Board.

CHICAGO, July 1.—The big boys in the classes of Miss Wealthy Stephen, a pretty teacher in the McKinley High School, have filed charges with the school board that she flirts with them and chews gum.

The boys first charged Miss Stephen with "immoral acts." When asked to explain what these acts were the boys said she had flirted with them and the charges were amended.

Miss Stephen has been in the service of the board about twelve years and is considered a competent instructor. Two or three years ago she was charged with flirting with pupils, but nothing came of the charges.

## CASTORIA
